

THE
CHAMPION
of TREES

THE CENTER *for* TREE SCIENCE

Research Experiences for Undergraduates (REU)

Integrated Tree Science for the Anthropocene
Summer 2024

LOCATION

The Morton Arboretum
4100 Illinois Route 53, Lisle, Illinois
25 miles west of Chicago, Illinois

National
Science Foundation

Experience careers that explore solutions for climate change, biodiversity loss, natural resources management, and urban life at one of the nation's only research centers focused on trees.

CONDUCT RESEARCH IN TREE SCIENCE

- Discover new career opportunities.
- Learn from a PhD-level mentor and become incorporated into a working scientific lab group.
- Gain scientific experience and skills you can use anywhere.
- Choose from field, lab, and computer-focused internships.

RESEARCH AREAS

- Evolutionary biology
- Ecosystems ecology
- Conservation biology
- Horticulture science
- Plant health care and development
- Botany/plant biology

TEN-WEEK RESEARCH PROGRAM INCLUDES:

- \$6,250 stipend funded by the National Science Foundation.
- Housing, research supplies, and travel.
- Workshops in science communication and professional development.

DATES AND APPLICATION

Program Dates: May 28 through August 2, 2024

Application Dates: December 4, 2023 through February 2, 2024

Program and Application Information: <https://mortonarb.org/reu>

WHO SHOULD APPLY:

Students who are interested in biology, environmental science, genetics, chemistry, ecology, botany, natural resources, horticulture science, and engineering. We encourage applicants from colleges and universities where research opportunities are limited, groups traditionally underrepresented in STEM programs, first- and second-year undergraduates, persons with disabilities, and veterans.

For more information and to learn about other opportunities in the Integrated Mentorship Program at The Morton Arboretum, visit the website, email ctsreu@mortonarb.org, or call 630-725-2495.
